**Professional Summary:** Salt Lake City-based Software Engineer with a passion for writing clean, efficient code, mentoring peers, and delivering user-focused features that enhance performance and scalability in cross-functional teams

## Education

**Bachelor of Science in Software Engineering** • 3.6 GPA

**Utah Valley University**, Orem, Utah

Graduation: May 2025

- Dean’s List: Fall 2023, Fall 2024, Spring 2025
- Collaborated on redesigning and updating course curriculum for Software Engineering I
  - UVU Computer Science Club
    - Presented on various software development topics (e.g., Git, design patterns, SQL)
    - Developed an iOS app to help faculty form student teams based on personality strengths
  - UVU iPhone Development Club President
    - Led club meetings on iOS development, presented Swift fundamentals, and organized hands-on workshops to mentor members in prototyping and building iOS apps

## Skills

### Languages & Tools

C#, Python, Swift, C/C++,  
SQL, JavaScript, Rust, R, Java,  
Git, Docker, Visual Studio,  
Jira, Figma

### Engineering Practices

OOP, design patterns, data  
structures, CI/CD, REST APIs,  
Agile/SCRUM, DevOps

### Technologies & Environments

Microsoft Office, Windows,  
Linux, macOS, GitHub, AWS

## Employment History

**C# Developer (Part Time)**

May 2024 - Present

**3Pupper Studios**, Remote

- Refactored Unity C# code for a VR game, improving maintainability and reducing technical debt across the project
- Increased game startup speed by 20% through targeted optimization of initialization routines
- Implemented Singleton and Factory design patterns to standardize architecture and accelerate feature development

**Employee Trainer & Sales Associate**

March 2015 - August 2019

**The Home Depot**, Salt Lake City, Utah

- Trained 25+ new hires in department-specific procedures, equipment use (e.g. key copier, sprinkler systems), and store policies to ensure smooth onboarding and confident, capable performance
- Took initiative to coordinate lunch breaks and delegate key tasks (e.g. watering, stocking, unloading trucks) during manager absences, maintaining full department coverage and operational flow

- Served as an informal team lead, ensuring daily tasks were completed efficiently and supporting a positive team dynamic; consistently recognized by management for exceeding role expectations
